

To whom it may concern,

Please find below materials and substances which to the best of our knowledge are not contained within our products.

Under the regulation, polyethylene and polypropylene are exempted from registration. All other materials used in the manufacture of the above-named product are REACH compliant or have been registered in accordance with REACH.

Based on current and available information, our products, do not contain any Substance of Very High Concern (SVHC) as Published in accordance with Article 59(10) of the REACH Regulation version November 7th, 2024 by the European Chemicals Agency (ECHA) at levels greater than 0.1 % (w/w). Please find the total list of 242 substances with the inclusion date when they were published by ECHA on the following link: <http://echa.europa.eu.candidate-list-table>.

Some of the commonly asked for substances are:

Polychlorinated Biphenyls (PCBs)
Polychlorinated Terphenyls
Polychloronaphthalenes (Cl=>1)
Polybrominated Biphenyls (PBBs)
Polybrominated Diphenyl ethers (PBDEs)
Short Chain Chlorinated Paraffins
Asbestos
Ozone Depleting Substances
Cadmium and Cadmium Compounds
Hexavalent Chromium Compounds
Lead and Lead Compounds
Mercury and Mercury Compounds
Perfluorooctane sulfonate
Certain Azocolourants and Azodyes
Tri-substituted organostannic compounds
Dibutyltin (DBT) compounds
Dioctyltin (DOT) compounds
Dimethyl fumarate (DMF)
Polycyclic aromatic hydrocarbons (PAHs)
Perfluorooctanoic acid (PFOA) and individual salts and esters of PFOA
Hexabromocyclododecane (HBCDD)
Benzenamine, N-phenyl-, reaction products with styrene and 2,4,4-trimethylpentene (BNST)
Bis(2-ethylhexyl)phthalate (DEHP)
Benzyl butyl phthalate (BBP)
Dibutyl phthalate (DBP)
Diisobutyl phthalate (DIBP)

Furthermore, none of our products contain any heavy metals (Cadium, Chromium VI, Lead or Mercury), nor do they contain silicone lubricants. Or, any conflict minerals such as Tantalum, Tin, Gold, Tungsten.

Also, please note our products comply with the following regulations and directives:

We confirm that our sheet complies with EC Directive 2002/96/EC and amendments, on the end of life of vehicles (ELV) and EC Council Directive 2002/96/EC on the waste requirements of electrical and electronic equipment (WEEE).

Food contact: Regulation (EC) No 1935/2004 - so far applicable for raw materials.

Packaging waste: directive 94/62/EC

Based on information from our polymer and additives suppliers, used in the production of Primex's Polypropylene and Polyethylene sheet, we can confirm that none of the following substances are intentionally used or added:

Animal substances or substances of an animal origin.

Based on the absence of animal materials or materials derived from fatty acids of animal origin, in the substances used in the sheet production, to the best of our knowledge the risk of transmission of Bovine/ Animal Spongiform Encephalopathy (BSE) is not relevant.

This declaration replaces any previous ones relating to this subject.
